Township 5 South, Range 1 East, Section 11

**ACREAGE:** 45.72 acres

REQUEST:** City Services

## **ANNEXATION GUIDELINES: OVERTON**

1. Annexations that would fill in or make more regular the existing corporate limits should be strongly encouraged.

**WOULD CONTINUE ONGOING ANNEXATIONS IN THIS AREA**

2. The remaining tax islands should be annexed when ownership changes and redevelopment occurs....

**NOT A TAX ISLAND**

3. Annexations of land in subdivisions....

**NOT PART OF A SUBDIVISION**

4. Corridors are discouraged....

**NOT A CORRIDOR**

5. Point-to-point annexations should be discouraged....

**NOT A POINT-TO-POINT CONNECTION**

6. Owners living on land expected to be annexed within the ninety-day period preceding a municipal election....

**NO MUNICIPAL ELECTION AT TIME OF ANNEXATION**

7. Land which is known to be contaminated should not be annexed until such danger has been mitigated.

**NO KNOWN CONTAMINATION**

8. The annexation of land that would contribute to the city's economic development through an increase in taxes....

9. The city should require petitions for annexation referenda to satisfy additional conditions....

**NOT A REFERENDA**

10. City planners will explain to all annexation petitioners the policies under which services are provided.

**POLICY STATEMENT SIGNED BY OWNER; COPY ATTACHED**

**STATEMENT REGARDING  
PROVISION OF CITY SERVICES TO NEWLY ANNEXED LANDS**

**City services will be provided to all newly annexed lands according to the same policies that already govern in Huntsville. This means that Huntsville police and fire departments will respond to calls; garbage and trash will be collected by city sanitation; and school children will attend city rather than county schools. Transportation for students attending the city schools will be the responsibility of their parents. All applicable city ordinances will be enforced including the implementation of zoning regulations.**

**Water service is provided by Huntsville Utilities; however if the annexed land is already served by another water authority, the existing situation should be expected to continue until such time as development pressure or legal agreements between water authorities makes it feasible or possible for Huntsville Utilities to assume control of the water lines or extend new mains. The cost of main extensions usually are borne by the property owner.**

**Likewise, it has long been city policy to expand sanitary sewer service on a cost benefit basis. This policy applies to all land within the city regardless of its annexation date. In addition, the city has adopted a capital improvement plan to guide investment in infrastructure. In order for an area to be considered for road construction, drainage improvements, recreational or community facilities, new fire stations, or sanitary sewer extension, the area must be in the city and then must be prioritized according to need. Newly annexed land will be accorded the same consideration as other city lands.**

**Lastly, it is important to understand that those autonomous boards, agencies and utilities that have authority over the delivery of specific public services set their own policies and procedures.**

\* \* \* \*

**I have read the above statement governing the delivery of city services to lands annexed into the city of Huntsville, and I agree to these conditions as they may pertain to any of my lands that are annexed.**
