## REQUEST FOR APPROVAL

### Purchase Requisition #10167317

Purchase Requisition #10167317 – Bentley Enterprise License and Support

Request the payment for a complete enterprise license subscription for Bentley Designer, Project Wise, and MicroStation software. It will also allow for the addition of web versions of much of our software to allow full sharing of project information and engineering document management systems. This enterprise license model allows us to evaluate, install, and begin using additional products from the Bentley software offerings without additional purchases, and includes unlimited online training. These systems are integrated with the SAP products and thus are reaching more desktops and personnel; this licensing will allow us to grow and expand our systems much more economically. This is an Expense budgeted item, Cost Center #605000, Cost Element #501404.

**Total Estimated Cost: \$257,372.37**
